

Wyandotte Agricultural Education

1/9/2017 Update

The holiday season allows the FFA chapter to focus on the community and things closer to home. The Wyandotte FFA Chapter ended the school year with an FFA meeting and Christmas party on the afternoon of December 20, 2016. That evening, student volunteers worked both the entry and exit gates at the Park of Lights display at Twin Bridges State Park. Wyandotte FFA members also worked the display on December 27, 2016.

Winter is a time of recordkeeping and applications for FFA members. Wyandotte FFA members are finalizing their 2016 supervised agricultural experience record books and preparing for the new calendar year. Students are also completing scholarship, proficiency award and various other FFA applications all of which have due dates upcoming.

Several students have livestock projects on feed which presents a unique challenge during the winter months. Our spring show season is starting to pick-up with a district show at the end of January.

January/February Calendar of Events.

Jan. 26, 27, and 28- Northeast District livestock show

Feb. 19-25- National FFA Week
