Parents/Guardians:

Wyandotte Public Schools has an online grade-book (grade 1-12) that allows teachers to manage their classes online, as well as post grades, attendance, and eligibility for students and parents to view.

We believe that keeping parents informed increases their involvement in their child's learning. For students and parents, a structured view of upcoming and past assignments along with scores recorded to-date, helps to keep everyone on track throughout the grading period. This active communication will greatly benefit our students.

You may already have access to our online grade-book; however, we have upgraded our Student Information System. **Therefore, you must reapply for access.** Regardless of whether this is your first time requesting access or if you have requested access previously, please complete the following request form and we will send your login information via email, or if you prefer you may pick up the information in your child's school office.

Parent/Guardian

Date

I am the parent/guardian of the following students:

Student Name

Grade Level
