### Message from Mrs. Sloan

I am very excited to start the 2015-2016 school year. Over the summer many teachers attended professional development and training to help further their knowledge in their teaching field and beyond. We are excited to bring on board several new teachers to our district. We have added a Facebook page so parents can watch from work and home what exciting things are happening at Wyandotte Middle School. I am looking forward to seeing everyone this fall and to watch our students reach their goals!

## High School News

Wow, another school year off and running. We are off to a great start with students and staff fully engaged in school activities. We have a lot of new faces on our staff, but Wyandotte HS will continue to offer and provide a comprehensive challenging curriculum for all students. We will continue to offer 19 College Credit hours during the 2015-16 school year. The ACT test will be given on campus for any Junior or Senior that wishes to take it on September 29. A sign-up sheet is available in Mrs. Pugh's office at this time. We encourage all Juniors and Seniors to take the ACT as soon as possible, to help them prepare for College entrance applications. In other testing news, we will offer the ASVAB test to all Junior and Senior in October. The ASVAB test is a test the military uses to identify strengths and creates a superior interest inventory that students can use for making decisions for their future. If you as parents ever have questions, please feel free to contact the school.
