## **Wyandotte Public Schools Extra Curricular Code**

It is the responsibility of the Wyandotte School District to promote the mental, physical, social, emotional and moral well-being of all the participants involved in extra-curricular activities programs. These programs are an effective tool preparing our youth in a positive manner to enter and contribute in our society. These young adults must also realize that being a part of an extra-curricular program places additional responsibilities upon themselves. When a student becomes part of an extra-curricular program, they do not only represent Wyandotte Public Schools while competing in extra-curricular contest, but also in the classroom, hallway and the community. Therefore, the following guidelines have been established to define what is expected of participants of the Wyandotte School District:

1. Oklahoma Secondary Schools Activity Association and the Wyandotte School District rules will be followed in the areas of eligibility, insurance coverage, physical examination, discipline referrals, practice and contest schedules.
2. Student and the Parent/Guardian must sign and return a form, acknowledging the Wyandotte code of conduct was received and reviewed prior to participation. This form will remain on file in the Athletic Director's office for the remainder of the student's athletic eligibility.
3. Any Student participant who is arrested or charged with a misdemeanor (except minor traffic violations) or a felony must inform a sponsor, coach, athletic director or the building principal on the next school day. This includes incidents that occur during breaks outside the regular school year. Failure to do so will result in the student becoming ineligible for thirty (30) school days.

The penalties are:

1<sup>st</sup> Offense- Will result in restrictions from participating in a minimum of 40% of the season and/or season contest, but can continue to practice.

- a. If the offense involves drugs/alcohol the student will be required to attend counseling at the expense of the student's parents/guardians before being allowed to continue to participate at WHS. The student will also have to pass a drug test administered at parent's/guardian's expense before being allowed back into the program.

2<sup>nd</sup> Offense – Will result in the restriction from extra-curricular programs for a minimum of 90 school days.

3<sup>rd</sup> Offense – Will result in the loss of eligibility for a minimum of 180 school days.

Completion of the activity season is required for the student to qualify for a varsity letter award. An exception would be an injury which prevented further participation. No award will be presented to a student suspended for the remainder of the season.

No student athlete may quit one sport, or be removed for disciplinary reasons, and go out for another sport after the season has begun without written mutual consent of both head coaches of the sports involved.

It is understood that situations may occur that are not covered in these guidelines. When that occurs, the participant will be dealt with by the coaching staff and administration on a one-on-one basis.
